

# HIGH VOCATIONAL INNOVATION SCHOLARSHIP

EEF – Equitable Education Fund (Thailand)

## What is

## High Vocational Innovation Scholarship?

We recognize the value and potential of high vocational graduates as they play a key role in developing and sustaining manufacturing industries and the economy. Thus, the **“High Vocational Innovation Scholarship Program”** is established based on that recognition to **provide free scholarships to children** from the country's 20% lowest income households to allow them to further study in the vocational field, which is highly demanded in the labor market.

### OBJECTIVE OF THE PROGRAM

Children from poor households enter higher education.

Strengthen school curriculums to improve the competency and quality of life of children.

Produce potential high vocational graduates to support the Thailand 4.0 strategy and propose policy-driving measures.

Recommendations Policy measures to create changes.

## MAIN OBJECTIVES

In 2022, there are 110+ vocational schools from 40+ provinces and 5 regions around Thailand selected for the program with 9,420+ scholarships provided to students from the poorest households for higher education.

## SUPPORTED FIELDS

Demanded fields in the local areas or school areas.

Science, Technologies and Digital Technologies (STEM).

High vocational innovation scholarship. Core country development, potential industries (first-curve), and future industries (new S-curve).

## OUR SUPPORTS

### Development Fund for 50 Selected Schools

To improve the teaching quality, living conditions, welfare, and opportunities for the fund receivers.

### 3 Opportunities for the High Vocational Fund Receivers

- Learn from the employers and on-the-job training.
- Learn new and advanced skills.
- Exchange and learn from experts both local and international.

### Activities to Improve the Quality of the Schools and Fund Receivers

To provide academic support by local and international experts and exchange innovations among schools and organizations.

### Scholarships for 2,500 Students

The scholarship provides a monthly allowance and discounted school fees to students selected by their schools.
